

INTERNATIONAL  
ASSOCIATION OF

THERAPEUTIC DRUG  
MONITORING AND  
CLINICAL TOXICOLOGY

## Auspices of IATDMCT Guidelines and Procedures

### 1. Definition

“Auspices” of IATDMCT designates IATDMCT recognition of a professional conference activity of high scientific and/or educational level.

### 2. Introduction

The main purpose of the Association is to foster and promote 1) Education and research in Therapeutic Drug Monitoring (TDM) and Clinical Toxicology, and 2) Improve the standards of practice and clinical interpretation of pharmaceutical analyses, and to facilitate the delivery of treatment personalization for enhanced patient care. The association is therefore interested in lending as much support as it can towards the success of high quality meetings which will contribute to the awareness and appreciation of TDM and CT and their contributions to the delivery of appropriate healthcare.

### 3. Eligibility for IATDMCT Auspices

IATDMCT Auspices may be sought by the organizing committee of any meeting, conference or congress outside the IATDMCT in which the meeting topics are directly related to the goals of IATDMCT.

### 4. Application Process

Applications should be submitted to the Business Office of IATDMCT [office@iatdmct.org] using the application form at the end of this document.

All relevant details of the scientific/educational program, venue and meeting organization should accompany the application form.

Applications should normally be made at least one year in advance in order that IATDMCT may have some meaningful impact on the promotion of the meeting.

Where IATDMCT Auspices are approved the applicants will be expected to acknowledge the support of IATDMCT towards the success of the meeting in the promotional materials and official program of that event.

### 5. IATDMCT Support

**Financial Support** – The granting of IATDMCT Auspices does not imply any financial agreement between the organizers of the event and IATDMCT.

**Publicity and Promotion** – The granting of IATDMCT Auspices indicates that the official IATDMCT logo should be used on all relevant brochures and publications, website, and official program. It is available from the IATDMCT Business Office. Notices of meetings approved for IATDMCT Auspices will be posted on the IATDMCT website [www.iatdmct.org].

**Scientific and Educational Program** – The organizing committee of meetings granted IATDMCT Auspices may request assistance from IATDMCT either for the recommendation of speakers or for the organization of symposia or workshops. Any such assistance provided will not be at cost to IATDMCT.

**6. Obligations towards IATDMCT**

Applicants for IATDMCT Auspices must not make any claims for IATDMCT support until written approval has been obtained. Once IATDMCT Auspices has been granted, the organizing committee has a responsibility to:

- Use the IATDMCT logo on all promotional material
- Insert an acknowledgement of IATDMCT support in the event program
- Notify IATDMCT of any major changes in the arrangements for or content of the approved event
- Maintain the highest professional standards with regard to the scientific and educational content of the event.
